Holding Tanks	(2) 20 gal
Displacement	21048 lbs

The Oceanis 45' is a modern yacht-innovative and stylish with a furling mainsail. The new design of the hull very distinct 'chines' promises more comfortable room and fast sailing. The stylish mainsail arch, above the companionway, anchors the mainsheet and provides more space in the cockpit. A rigid boom vang eliminates the need for a traveler. The expansive cockpit features twin steering wheels as well as a large table with folding leaves. The most impressive feature is the large hydraulic transom that drops down to form the swim platform. Almost level with the sea, the swim platform provides easy access to the dinghy.

Below deck, the Alpi mahogany interior is bathed in natural light from the well placed ports. The galley, located on the port side, is equipped with refrigerator, freezer, double stainless steel sinks, stove with oven & sufficient storage and counter space to make meal preparation easy. The salon table and U-shaped settee, located on the starboard side, are ideal for enjoying a meal with family and friends. Light from two panoramic windows in the coach-roof adds to the ambiance. Each of the four cabins has a double bed, reading light, fan, hanging locker & ample storage. The two electric heads are located aft, one on starboard & one on port, each with a modern vanity, mirror and shower.
